Latest model shot - 19yo Alex

I'm really excited about this girl. Alex's mom saw my ad and told her to email me for some extra money. Her mom thought I was doing 'mainstream' model shoots. The shoot was amazing. She swallows and gets anal for the first time.. unreal.. I'm still in lala land.... ☺

Cheers!

I am really struggling with younger women.
I've identified 3 problems so far:

1. I don't relate with them at all. They don't know why the economy is in trouble and I don't know who in the hell this super awesome new band is she is talking about..

Why are you talking with them about the economy???

3. I don't know what they value in me?

You're an experience to her. A notch in her belt. Something new and shiney. That's about it. Accept it, bang her and move on. Sure, she might like to keep you around for a while, but bail once the sex stops. Don't be the guy she texts every 30 min and/or talks with on the phone every day for 30 min.

Usually these girls have a dad who wasn't around enough, raised by their moms, divorced families, hate their dads.. etc.

I started alot of threads when I was first dating younger girls back in 04 and 05. Use the search and read up.

Are you experienced?
